PROGRAM SUMMARY:

EZ Credit Lessons is making topnotch Credit Organization information available to consumers and users of credit, nationally. The techniques shared within our members' area are commonly utilized by expensive Credit Repair Services abroad. The EZ Credit Lessons advantage suggests, instead of paying high costs monthly membership fees for someone to do the job for you, learn to do it yourself at a fraction of their cost. The system is very easy to use and will save you hundreds if not thousands in unnecessary fees. In addition, members who enroll at the "Associate Member" level will enjoy a passive monthly income equivalent to 40% (Membership Fees only) of everyone the member refers to EZ Credit Lessons services.

Our current "One Million New Members Campaign" has been developed to help us reach 1 Million consumers who need our service in a relatively short period of time. For your participation, you will accumulate "Referral Credits" for each new qualifying member who joins as a result of your recommendation. Every Member, regardless of registration level, will be automatically enrolled in our "Recommendation Tracking System". This system tracks new member referrals and tabulates earned "Referral Credits". The Member that has earned the most "Referral Credits" at the end of this campaign will receive \$1 for every "Qualifying New Member" EZ Credit Lessons adds to its database, to a maximum of one million, during this New Members drive.

There are two registration levels by which Members accumulate "Referral Credits". "Member Subscribers" receive (1) one Referral Credit for each Qualifying New Member referred. "Member Associates" receive (7) seven Referral Credits for each Qualifying New Member referred. A new member is considered "Qualifying" when that new member has enrolled in our program for a minimum of 60 days.

The sooner you become a member, the more opportunities you will have available to accumulate "Referral Credits". This document and our program are being distributed nationally and pretty soon almost everyone would have heard of this system. The most logical way for you to excel ahead of the pack is to become a Member today and begin recommending as many potential new members as possible. In a relatively short matter of time, consumers you would have had available to recommend to our site will inevitably be referred by another one of our members. You will ultimately miss more and more opportunities if you procrastinate.

You've been looking for an opportunity to Improve your CREDIT and create additional passive income, well here it is. All the heavy lifting is done for you, the program is in place and, all you need to do to succeed is work on improving your credit profile and share the good news of our system. Always remember, the system comes with the added bonus of one of our members becoming rich in the process and it might as well be you! When you join today, you will be granted access to begin Learning, Earning and accumulating "Referral Credits" – All Today!
